

Certificate IV in Fitness

Our Personal Trainer course developed by Diamond High Performance, powered by Sero Institute, is designed for those looking to progress in the fitness industry. This course will provide you with the skills to become a certified Person Trainer.

Train at Diamond High Performance in Osborne Park, gaining hands-on experience working with real clients in a dynamic environment. Learn the latest fitness principles, health and nutrition, and how to conduct fitness appraisals and deliver tailored programs for a range of clients.

To prepare you for the sports industry or a sports science-related university degree, you'll gain hands-on experience with elite athlete performance tracking technology. Through athlete management and session programming software powered by Lumin Sports, and testing and data analysis technology powered by VALD, you'll learn how to take the guesswork out of personal training. All of this is delivered by Diamond's industry-leading coaches, giving you the skills and insights needed to succeed.

Students who successfully complete this qualification can work in the following occupations:

- Personal Trainer
- Outdoor Trainer
- Personal Training Manager

Study mode: Blended (Face-to-face at Diamond Fitness and online study)

Duration: School Academic Year – Attendance 1 day per week during school term

Why choose Certificate IV in Fitness?

- Become a qualified Personal Trainer with the most recognised fitness qualification in the industry
- Interactive, fun coursework developed and delivered by industry-leading coaches
- Tailored to what employers are looking for
- Access the Diamond High Performance facility six days a week

Jumpstart your career in the fitness industry!
